I am writing in favour of the application for a DADU at this address. I believe that it will be an asset to the neighbourhood by providing additional affordable housing while maintaining the character of the existing single family property.

My concern regarding this proposal is where are those residents who are going to be in the "garden suite" parking? There already isn't enough parking in this area. We have the condo development occurring and there are people parking on the street already - where will more people park? And how can we be sure that this won't become a short term rental unit increasing traffic more? This area is a bottleneck with the base, the tourists with their campers, the condominium and basic traffic for those of us who live here in this area. I don't think unless something is arranged about more parking that unit that it should be permitted.

Kind regards
 Sarah Shaw

Greetings,

As a home owner and resident of Paradise street in Esquimalt, I want to express strong support for the rezoning of 553 Paradise to accommodate a DADU. We have seen the designs for the property and they are very much consistent with the feeling and look of the neighbourhood.

Adding a DADU to this property is a small step towards solving the very real affordable housing issue and I sincerely hope Mayor and Council approve the rezoning without delay.

With thanks for accepting my submission.

Daniel Robertson
