

Arborist Report

Arborist: Daniel Chamberlain

ISA Certification No: PR 4657-A

Company: Advantage Tree Care

Address: 2815 Wyndeatt Ave, Victoria, BC, V9A 2L7

Phone: +1(250) 508-4445

Address: 712 Warder place

Tree Species: Garry Oak (*Quercus Garyanna*)

Tree DBH: 87cm

Tree Health: Garry Oak is in good health however it is in need of some dead limb removal.

Work to be done: Oak is in need of removal of one large limb heading in to the proposed building at a union with another large limb heading out over neighboring property. Large remaining limb heading over neighbors property shall have a weight reduction of 20% foliage to reduce leverage with out disrupting healthy branch structure. For added support it is also recommended that a cable be installed as well.

Second Garry Oak

Tree Species: Garry Oak (*Quercus Garyanna*)

Tree DBH: 38.71cm

Tree Health: Garry Oak is in fair condition considering it has been suppressed by other Oaks.

Work to be done: Oak is heading horizontal and directly into proposed building site. To retain this Oak it is recommended that it be pruned back to an upright limb heading in the same direction as the trunk.

All work shall be performed by a certified Arborist and with a permit from the city.

Signed: *JM Chamberlain*
