Re: Findings of Project Open House for 1347, 1331, 1319 Sussex St and 602,612,618 Nelson St.

Dear Mr. Tang,

On February 20, 2024, the Aquila Pacific team held a public information session to garner feedback from the community on the proposed rezoning for 1347, 1331, 1319 Sussex St and 602,612,618 Nelson St.

Below is a summary of findings:

- 4 people in total came to the open house.
- Overall very positive.
- Lots of questions around amenities and what types of units will be provided.
- All 4 people expressed interest in renting our affordable units. They are currently long-term renters in the community. Contact information was received from all of them and we will be in touch as our projects mature.
- Feedback was consistent that the park we are providing is very exciting and keeping the tree was also appreciated by all attendees.

Should you have any questions, please do not hesitate to contact me directly.

Tye Reidie
