

OAKWOODS

Temporary Use Permit- Sales office
Display suites

April 2, 2025

ARAGON

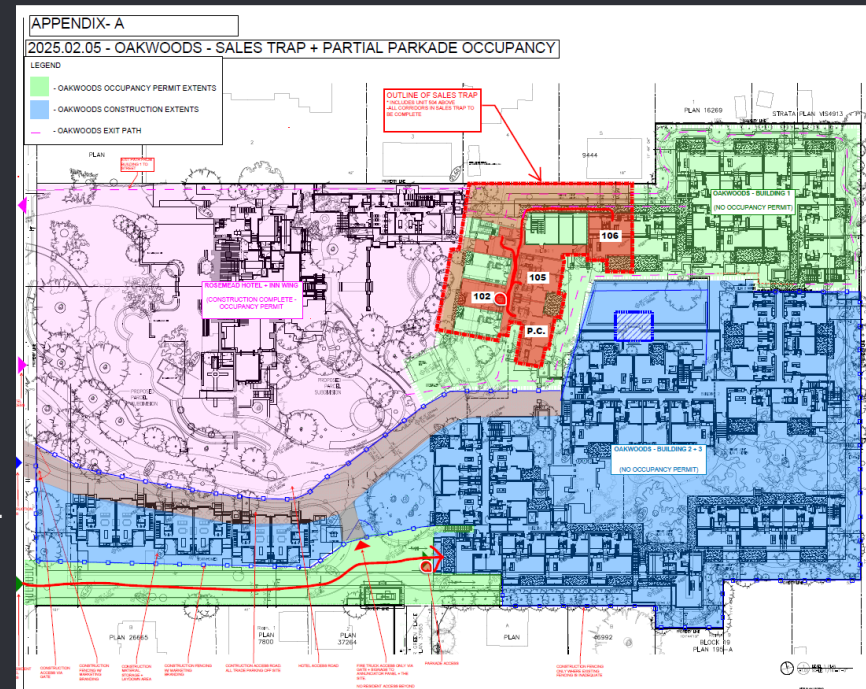

The project is a residential development with four (4) residential structures, including three sepearte condiminum buildings and a townhouse section. The three (3) residential buildings share a common underground parkade. The underground parkade has a sepearate address noted as 421 Lampson Street and achieved partial occupancy under BP-0 13942 on December 23,2024

ARAGON

The proposed sales office and display suites will be located in Building 1 East on Level one (1) and five (5) of the condominium building and will only be available under staff supervision during the day, from approximately 12:00pm to 5:00 pm for the remainder of construction (approximately 10 months). Outside of the sales office and the display suites, the remainder of the project will be in the interior finishing stages (outside of the townhomes which have just commenced foundations). Hoarding and physical protection will be used to separate areas under construction referenced in *Appendix A*. The sales office and Display will remain open after final occupancy is achieved on the project at the owner's discretion.
