Morning barb, I had an idea for our new public safety building is there a way we can use the money from the developers to help pay the remaining money we need for the safety building is there a way we can merge both together fire/police. The top level can be rentals. Adding bike lanes on Esquimalt towards tillicum will be a gong show especially if we add the traffic light on tillicum.is there a way we can share the road sign my opinion nothing wrong with Esquimalt being 50kph i understand its for safety. wondering if at the meeting tonight if you guys can talk about possibly adding improvements to fernhill road a speed hump, attached is a pic of a pot hole that's needs to be fix, if we improve the blind corner coming down fernhill road coming around the corner.theres another pot I do t have the pic for. Hope u have a amazing day thank you for taking the time to read this e mail looking forward to hear from you, my friend.
