## 6. STAFF REPORTS

- 1) [21-251](#) Rezoning Application – 820 Dunsmuir Road, Staff Report No. DRC-21-010

Alex Tang, Planner, introduced the report and responded to questions from the Committee.

Kim Colpman, applicant, Large and Co., Wil Peereboom, designer, Victoria Design Group, and Sean Leogreen, landscape architect, LADR Landscape Architects, presented an overview of the application and responded to questions from the Committee.

### Committee Comments:

- \* Site coverage, density and unit count: No concerns.
- \* Vehicular site access point: Concerns due to its location.
- \* Sight lines in relation to the street intersections: Concerns expressed on the impeding sight lines for vehicular traffic.
- \* Units facing Wollaston Street: Positive reaction to these units featuring a ground level entrance. Concerns expressed on the elevation and cross-slope, and its impact on the changes to the grade of the sidewalk. Suggestion for the applicant to illustrate the representation of the grade change of the sidewalks from an elevation perspective.
- \* Township of Esquimalt's Green Building Checklist: Discrepancy observed between the submitted Green Building Checklist and the applicant's expressed intention to build the project to Step 3 of the BC Energy Step Code.
- \* Recycling and Garbage collection process: Details desired on its location.
- \* Based on the topography of the site, clarifications were sought on the use of retaining walls, its height and impact. Elevation drawings in the submitted plans should have included the retaining walls.
- \* Prominent location of the 3-sided Site: Significant concerns on the placement of the 2-visitor parking stalls and the double-loaded manoeuvring aisle at the junction of Sea Terrace & Dunsmuir that does not take into consideration the shape of the roads and streetscape. The proposed building design does not complement the existing streetscape nor presents design features befitting the uniqueness and prominence of the location.
- \* Landscape plan: Planting new trees a positive. Suggestion to the applicant to explore design features that would maintain water moisture in soil for extended periods to the benefit of trees and vegetation health, with reference to the recent heat dome and lack of precipitation.

Moved by Member Vins, seconded by Chair Verhulst: That the Esquimalt Design Review Committee recommends to Council that the rezoning

application to authorize the proposed development of a 7-unit townhouse residential building consistent with the architectural plans provided by Victoria design group, stamped "Received June 13, 2021", and landscape plan provided by LADR Landscape Architects, stamped "Received June 30, 2021", to be located at 820 Dunsmuir Road [PID 009-205-802, Amended Lot 66 (DD239848I), Section 11, Esquimalt District, Plan 265] be forwarded to Council with a recommendation to deny the application based on the following rationale:

- \* Impact on the neighbouring community
- \* Location of the vehicular access
- \* Sight lines from Sea Terrace
- \* Missed opportunity to celebrate the 3-sided frontage

In Favour: 4 - Chair Graeme Verhulst, Member Richard McGrew, Member Tara Todesco and Member Xeniya Vins

Opposed: 1 - Member Derek Jenkins

Absent: 1 - Member Chris Windjack

Councillor Vermeulen disconnected from the conference call at 3:35 PM.
