For Action For Response COTW

For Report Council Agenda IC

Dear Mayor Desjardins and Council,

The Victoria Foundation would be pleased to make a presentation for you on the findings of this year's *Victoria's Vital Signs*® report. The thirteenth edition of the report was released in the fall, just prior to municipal elections. The report measures the vitality of our region, identifies significant trends and assigns grades in twelve issue areas critical to our quality of life.

This annual community snapshot stimulates discussion, debate and action by underscoring the strengths, weaknesses and opportunities in our region. A presentation to council will provide valuable information about what is going on the region and in your municipality.

For more than a decade, *Vital Signs* has provided important information that has increased our understanding of our community. We're connecting donors to needs and opportunities, making impactful grants and convening people on issues of importance.

If you would like further information about a *Victoria's Vital Signs* presentation, please feel free to contact me at 250.381.5532, or sandra@victoriafoundation.bc.ca.

Sincerely,

Sandra Richardson
CEO
