y route draws mixed reaction

Victoria. The area is owned by the Capital Regional District.

The area has been in active use for more than 100 years and supplies nearly all the water consumed by CRD residents.

Chris Foord, the vice chair of the CRD Traffic Safety Commission, expressed a radically different position.

"Given that we dumped 40,000 litres of diesel fuel into the river several years ago and killed a bunch of salmon I seriously doubt that we could do worse by putting an emergency bypass road farther upstream from Goldstream River," said Foord in an email.

"My personal view, as a transportation planner, is that

MLA Mitzi Dean says the province will be doing a study on improving congestion and looking at potential emergency routes in the case of an accident. (Arnold Lim/Black Press)

we need an immediate bypass Malahat was to be closed for that can be opened up if the more than an hour."
