**Subject: Blasting by-laws**

Mayor and Council,

Good afternoon, I am writing in regards to an issue that came up on the August 21st council meeting agenda. I read that Esquimalt does not have any blasting by-laws. Given the increasing development in Esquimalt, and issues that could arise as a result of blasting, I believe it would be prudent to have strict by-laws in place to ensure the safety of homes and buildings. I am not an expert in this area and am not sure of all involved but requiring developers to do a pre-site inspection and documentation of homes/buildings/grounds before any blasting would help to mediate any possible damages that could occur.

Thank you for this consideration

Sincerley  
Joanne Mickelson
