Hi All -
On the idea of working towards Reconciliation, might you be interested in participating in this all day workshop?

I have done something similar and it is very powerful. I thought I would participate again and wondered if Council would like to participate as a group and maybe some staff as well.

Lynda

FRIDAY APRIL 20 8:30-4:30

Dialogue and Resolution Services is pleased to sponsor a local presentation of

Location: Wheeley Hall, Esquimalt United Church, 500 Admirals Rd., Victoria BC

Entry at Rainbow Kitchen entrance on Lyall Street.

Reconciliation: The Journey of Our Generations tells a story of the first 145 years of Canada's history and into the era of reconciliation; its highs and lows, the emotions it stirs up and its unimaginable gifts. Participants will laugh, reconsider, reflect, deepen their understanding, maybe shed a tear, answer some tough questions and perhaps inspire a few new ones.

Reconciliation is a big word. The Elders remind us that it is a process, a journey without one single road or a final destination. It is not always easy or comfortable and it sometimes can be confusing and frustrating, yet it is worth every step.

This is an experiential workshop that explores our shared history through stories of Indigenous and non-Indigenous experiences. This workshop goes beyond the Kairos "Blanket Workshop" in that it:

- Draws on the lived experience of Elders and facilitators that are in the room
- Focuses on local experience here on the Island-in the Cowichan Valley and the Victoria area
- Participants are part of the story, jointly exploring the meaning, process and realities of reconciliation

The Team

The Cultural Connections* Team is a group of Residential School Survivors, Inter-Generational Survivors, and Canadians. Each one of the team represents a part of this story, a part of the healing. Each is committed to creating a new journey for generations to come. Each is a professional in their field.

This workshop generates changes in understanding for individuals at multiple levels.

- Move beyond fear and discomfort to a place of desire to "do things differently" and take action toward reconciliation.
- Elders represent the hard experiences of their past and yet model true forgiveness so that participants witness true forgiveness in action.
- Knowledge and understanding of how indigenous traditional knowledge and world view hold solutions for many broader issues –climate change, use and availability of water
- This workshop creates a safe space for coming together and healing together

Tickets: \$ 0 – 40 sliding scale for individuals. Organizations can purchase tickets in bulk.

To register, or for more information, call 250-383-4412
