

# Bring It Home 4 Climate Program

Bring It Home 4 Climate is a program designed to engage and support homeowners and organizations located in the capital region of British Columbia who are interested in becoming agents of change in their communities by reducing the energy consumption and carbon footprint of their homes, and reward those for taking steps to motivate other homeowners to do the same. This program offers a variety of support, resources and subsidies to Bring It Home and consider what you can do for the climate and your community. **Limited time offer – act now, as funding and participation availability is limited will be approved on a first come first serve basis.**

## Available Offers

You must be registered with the program to access these offers.

- **Free Virtual Home Energy Check Up:**
  - This is a program-exclusive offer designed to help you think about your personal or household goals and motivations for improving your home and to help identify any issues or concerns with your home which could be solved by completing home energy improvements.
  - The Check-Up consists of an online survey followed by a video or phone call with an Energy Expert who will recommend next steps.
- **\$250 EnerGuide Home Evaluation Subsidy:**
  - This offer is a participant-exclusive offer. This offer subsidizes an additional \$250 of the cost of a Pre-Upgrade EnerGuide Home Evaluation for a whole home technical assessment of your home to help you understand how your home uses energy and identify home energy improvement options.
  - This offer is in addition to the \$200 CleanBC EnerGuide Evaluation Rebate and applicable Municipal Top-ups.
