

May 25, 2021

We, the residents of the 1000 block of Bewdley Ave request to have our block designated 'Residential Parking Only'.

We are concerned that we will be severely challenged to access parking on our block once the development that was once the property of the Old English Inn is completed.

Even though the developer is claiming that they are providing adequate parking spaces for all their residents, the reality is they will still require 'on road parking'. The proposed underground parking will not easily accommodate larger vehicles such as trucks and SUVs. Also, please keep in mind that many (especially elderly people) are timid about parking below ground.

Our short block of 1000 block of Bewdley will be the most accessible to these new residents as there will be a gate at the north end of Hither Green Park allowing easy access to the 1000 block of Bewdley.

Without the gate, the new residents would spread out their parking needs amongst all the surrounding streets. With the gate, they will naturally fill up the 1000 block of Bewdley before attempting to park on other streets.

100% of the residents of this block have been canvassed. All but one resident has responded favourably.

I, [REDACTED] canvassed all the residents of the 1000 block of Bewdley.

Most sincerely,

[REDACTED]
