

RISE AND REPORT

From: *In Camera* Meeting of April 4, 2022

To: Meeting of Municipal Council – April 11, 2022

At the *In Camera* meeting held on April 4, 2022, Council passed the following resolution:

1. Integrated Resource Management

WHEREAS: Council will soon be considering adoption of the Climate Mitigation and Climate Adaptation Plans and the updated Urban Forest Strategy that together will provide the township with several short and long-term actionable projects to reduce the effects of and adapt to climate change;

AND WHEREAS: Council has adopted an Active Transportation Network Plan and developed a multi-year Inflow & Infiltration Management Plan with dedicated funding in the 2022 budget for initiatives under both plans;

AND WHEREAS: The township has recently taken on significant debt for the construction of the new public safety building;

THEREFORE IT BE RESOLVED: That Council direct staff not to pursue Integrated Resource Management (IRM) in Esquimalt at this time but continue to support a regional approach to IRM.
